

ACREAGE: 19.0 | YEAR ACQUIRED: 2004

Cypress trees stand on low land surrounding the water of a pond. There are also willow and cottonwood trees. Northern white oak, ash and black walnut have been planted in the land around the pond. The varied habitat provides a variety of wildflowers and birds.

Male Northern Cardinal

DIRECTIONS:

From Roanoke take 900 N (Lafayette Center Rd.) east, crossing US 24, 3.5 miles to Zubrick Rd. and turn right (south). Travel 1.0 miles to the preserve on the right.
